REPEALING SECTION 3.206(19) AND CREATING SECTION 3.220 OF
THE ROCK COUNTY CODE OF ORDINANCES

1 The Rock County Board of Supervisors at its regular meeting this ____ day of _____,
2 20__ does ordain as follows:

3
4 I. Section 3.206(19) of the Rock County Code of Ordinances is hereby repealed.

5
6 II. Section 3.220 of the Rock County Ordinances is created to read as follows:

7
8 **3.220 Mistreatment of Animals**

9
10 The following Wisconsin Statutes are hereby adopted by reference to the 2011-2012 statutes and
11 as subsequently amended:

12
13 (A) Definitions: The definitions in Wis. Stats. 951.01 and as subsequently amended apply to this
14 section.

15
16 (B) 951.02 Mistreating animals. No person may treat any animal, whether belonging to the
17 person or another, in a cruel manner. This section does not prohibit normal and accepted
18 veterinary practices.

19
20 (C) 951.05 Transportation of animals. No person may transport any animal in or upon any
21 vehicle in a cruel manner.

22
23 (D) 951.13 Providing proper food and drink to confined animals. No person owning or
24 responsible for confining or impounding any animal may fail to supply the animal with a
25 sufficient supply of food and water as prescribed in this section.

26
27 (1) FOOD. The food shall be sufficient to maintain all animals in good health.

28
29 (2) WATER. If potable water is not accessible to the animals at all times, it shall be
30 provided daily and in sufficient quantity for the health of the animal.

31
32 (E) 951.14 Providing proper shelter. No person owning or responsible for confining or
33 impounding any animal may fail to provide the animal with proper shelter as prescribed in this
34 section. In the case of farm animals, nothing in this section shall be construed as imposing shelter
35 requirements or standards more stringent than normally accepted husbandry practices in the
36 particular county where the animal or shelter is located.

37
38 (1) INDOOR STANDARDS. Minimum indoor standards of shelter shall include:

39
40 (a) Ambient temperatures. The ambient temperature shall be compatible with the health
41 of the animal.

42
43 (b) Ventilation. Indoor housing facilities shall be adequately ventilated by natural or
44 mechanical means to provide for the health of the animals at all times.

(2) OUTDOOR STANDARDS. Minimum outdoor standards of shelter shall include:

(a) Shelter from sunlight. When sunlight is likely to cause heat exhaustion of an animal tied or caged outside, sufficient shade by natural or artificial means shall be provided to protect the animal from direct sunlight. As used in this paragraph, "caged" does not include farm fencing used to confine farm animals.

(b) Shelter from inclement weather. 1. 'Animals generally.' Natural or artificial shelter appropriate to the local climatic conditions for the species concerned shall be provided as necessary for the health of the animal.

2. 'Dogs.' If a dog is tied or confined unattended outdoors under weather conditions which adversely affect the health of the dog, a shelter of suitable size to accommodate the dog shall be provided.

(3) SPACE STANDARDS. Minimum space requirements for both indoor and outdoor enclosures shall include:

(a) Structural strength. The housing facilities shall be structurally sound and maintained in good repair to protect the animals from injury and to contain the animals.

(b) Space requirements. Enclosures shall be constructed and maintained so as to provide sufficient space to allow each animal adequate freedom of movement. Inadequate space may be indicated by evidence of debility, stress or abnormal behavior patterns.

(4) SANITATION STANDARDS. Minimum standards of sanitation for both indoor and outdoor enclosures shall include periodic cleaning to remove excreta and other waste materials, dirt and trash so as to minimize health hazards.

(F) 951.15 Abandoning animals. No person may abandon any animal.

(G) Whoever violates this section shall be subject to a forfeiture not to exceed \$500 upon conviction.

III. Section 3.220 shall be effective upon publication.

EXECUTIVE SUMMARY

This resolution authorizes the Land Conservation Department (LCD) to finalize acquisition of the Agricultural Conservation Easements under the Purchase of Agricultural Conservation Easement Program (PACE) for the following lands:

1. Carlson Property: Rock County Tax Parcel Numbers 6-5-304 and 6-5-325, Sections 32 and 33, Town of Clinton;
2. Phelps Property: Rock County Tax Parcel Numbers 6-20-100, 6-20-101.1, and 6-20-104A, Sections 12 and 13, Town of Union;
3. Anderson Property: Rock County Tax Parcel Number 6-11-120, Section 17, Town of Lima

Acquisition of Easements will protect and preserve productive agricultural lands in Rock County, encouraging and promoting the goals of a strong agricultural economy and community identity, intergovernmental cooperation, and a regional land use vision throughout the County.

A Real Estate Appraisal Review, requested by the NRCS has been completed on the initial easement appraisals and the reviewer requested changes. The Real Estate Appraiser has made said changes, which has altered the initial values plus six percent (6%). Due to the changes, the LCD is requesting a ten percent (10%) contingency fund to be set up to cover a potential for increases in the Real Estate Appraisals for each property.

If this resolution is approved, the LCD will complete the Easement acquisition process on each of the aforementioned properties, and submit Easement acquisition funding applications to the USDA-Farm and Ranch Land Protection Program. Acquisition of the easements by Rock County is contingent upon funding from the USDA.

EXECUTIVE SUMMARY

The Rock County Communications Center is responsible for the management of the County's Public Safety Digital Radio System. For the past several months radio equipment vendors and Rock County personnel have been troubleshooting the remaining communications issues on the new P25 digital radio system. The main issue remaining concerns dropped and garbled audio packets. Through the troubleshooting process a recommendation was made to segregate Rock County's radio network from other data networks.

Part of this process requires different, more enhanced switches at the various tower sites. Rock County IT has recommended that the Communications Center purchase (8) new Cisco Catalyst 2960S 24-port switches this year in order to begin this segregation. The Cisco switches were recommended for the following reasons:

- Will improve traffic on the network
- Allows for multiple VLANs
- Will allow for remote management
- Switches will eventually all be the same brand, which will streamline configuration and troubleshooting

We previously purchased (8) switches for the main sites, this purchase will cover the remaining sites that currently have trunking abilities.

The cost of these (8) switches is \$11,980 under the State of Wisconsin Contract #15-20664-001 and will be covered under the Communications Center's 2013 operating budget.

Executive Summary

**Awarding Bid for Bandt Communications Inc. for
Equipment Installation of New Squads**

The Rock County Sheriff's Office previously performed their own electrical squad equipment installation on their new squads. With the retirement last year of qualified personnel at the Sheriff's Office, they now have no one employed who is qualified to fully complete the electrical portion of the installation for each new squad.

By contracting with Bandt Communication Inc., they will be able to complete the electrical wiring of all our equipment, for all our new squads.

The low bidder for the equipment installation was Bandt Communications Inc., with a bid of \$1,860.00 per squad.

EXECUTIVE SUMMARY

The Rock County 911 Communications Center is the records custodian for all Rock County public safety audio recordings. The recent conversion of the Public Safety Radio System to a conventional digital system in 2012, it is necessary to upgrade our current analog recording system to digital. This upgrade will enhance the audio recordings from the new radio system making the audio more crisp and clear, as well as offer new features that are not possible on an analog system (i.e; recording of unit ID numbers on radio transmissions). Currently the recording system is connected to control stations at the Sheriff's Department, so we are unable to verify the signals that the dispatch consoles transmit/receive because the system is unable to do so until we complete the upgrade.

Upgrading to a digital recorder will also allow for more functionality (ie; recording caller ID, 911 data feeds, etc.) for telephone recordings when we update our 911 telephone system in late 2013.

General Communications was the original vendor for the analog Eventide recorder and currently holds the maintenance contract for the recording system equipment as well as the interface between the recorder and the dispatch radio consoles.

This item was approved in the Communications Center's 2013 budget and pricing for the quote (\$40,068.75) is based on GSA Contract #GS-35F-0415V.

EXECUTIVE SUMMARY

Since 1999, the Rock County Clerk of Court and the Rock County Sheriff's Office have used Government Payment Service, Inc., to allow their customers to pay for fees and services in their departments by personal credit card. This fully automated credit card service will allow customers to pay for their respective fees in the Health Department including but not limited to: immunizations, well tests, radon kits and inspection fees. There is no cost to Rock County for this service. The customer using the credit card is assessed a fee from the credit card company.

Rock County benefits from the use of this credit card service in that it reduces the number of NSF checks written to Rock County. Also, the credit card service is responsible for collecting payment on bad or unauthorized credit cards. The other departments previously using this service have been more than satisfied with the results provided by Government Payment Services, Inc.

Executive Summary for Expansion of the County's Storage Area Network

As an IT capital project included in the 2013 budget, the expansion of the County's storage area network (SAN) is planned to address the County's rapidly growing storage requirements for both structured and unstructured County information. The storage area network consists of controllers, magnetic disk drives, and software that represent the primary information storage for the County's computer systems. The expanded SAN will allow for greater throughput of input/output data operations as well as the necessary increase in raw storage capacity.

The SAN expansion project consists of the following main components:

- 26 terabytes of additional Hitachi Data Systems storage capacity
- Rack-mounted Storage Expansion Tray and Rack Rails
- Installation
- 3 Years Premium Service
- Hitachi Command Suite Software.

The SAN is located in the County's data center at the Health Care Center.

The SAN expansion will cost \$38,444.00 and be purchased from AE Business Solutions using the pricing and terms of the State of Wisconsin contract #10-2052.

Authorizing Upgrade to the County's Citrix Environment to XenApp Enterprise

The Information Technology department currently supports a Citrix environment that is used by several County departments for critical application delivery, and one of the strategic initiatives for the IT Department for 2013 is the project to upgrade the County's Citrix environment to the XenApp Enterprise version. The purpose of the upgrade is to allow for the centralized patching and upgrading of application software, centralized repairing of virus effects, and the centralized provisioning of new application and operating system software. XenApp Enterprise also delivers a consistent virtual desktop interface allowing users to access their applications from any location and from any device that is on the County's network or the Internet.

The project is the next step of the existing long-term project of Citrix technology that has been in-process within the County's computer and network environment, and the project has relied on the professional services of EDCI, Inc. the leading implementation provider of Citrix enterprise solutions in the state of Wisconsin.

The main components of the project include:

- The XenApp Enterprise system software (\$35,052) funded by the IT Capital Projects account (07-1444-0000-62491), and
- The associated professional implementation services (\$14,875) using available funds in the IT operational budget (07-1430-0000-62119).

The purchase of both the Citrix software and the associated implementation services will be purchased from EDCI, Inc., the County's Citrix systems provider, and will total \$49,927.

Executive Summary

The purpose of this resolution is to authorize a contract with Professional Placement Services, LLC for collection services of Rock County Human Services outstanding debt.

Currently, Rock County Human Services utilizes the State of Wisconsin Tax Revenue Intercept Program to collect outstanding debt. This program has seen a decrease in collections over the past couple of years and we were looking at options of collecting more of this debt.

We have estimated that this service would collect between \$95,000 and \$115,000 of our current debt. The only expense that we would incur would be at the time of collection. The commission to be paid to Professional Placement Services would be 19%.

**RESOLUTION
ROCK COUNTY BOARD OF SUPERVISORS**

Charmian Klyve
INITIATED BY

Melissa Meboe
DRAFTED BY

Human Service Board
SUBMITTED BY

January 30, 2013
DATE DRAFTED

RECOGNIZING CONNIE RYAN

WHEREAS, Connie Ryan has served the citizens of Rock County for over twenty-three (23) years as a dedicated and valued employee of Rock County; and,

WHEREAS, Connie Ryan began her career on April 17, 1990 as a food service worker. After a brief nine-months in that role, Ms. Ryan took a position in the Psychiatric Hospital as a Psychiatric Technician. While working in this program, Ms. Ryan worked directly with individuals hospitalized during a mental health emergency, observing, documenting, and providing direct intervention for folks in the hospital setting. In the early 2004, when the Psychiatric Hospital closed, Connie's Psychiatric Technician position moved into the Crisis Intervention Unit. Ms. Ryan accepted her final position in the County as a Psychiatric Technician in this unit. Ms. Ryan's direct contact with individuals in a mental health emergency continued but in a new capacity. Ms. Ryan would meet with individuals who were going to be placed in a hospital setting and completed the admission paperwork with them, assisted them in preparing for transportation to the hospital and often provided that transportation for the individuals. Ms. Ryan also assisted in medication delivery, observation and management with clients in our county CSP and Stabilization programs. Ms. Ryan also performed welfare checks on individuals who were in the Crisis, Stabilization, or CSP programs, thereby assuring the health and safety of the clients; and,

WHEREAS, Connie Ryan had an open ear and willingness to talk to and support callers on the Crisis line. Her compassion and knowledge of mental illness assisted her in her role in determining how to respond to callers and where to draw an important line in assuring clients were accountable for themselves when they had the ability and power to be. Over the years, Ms. Ryan has developed an important relationship with most of the County's long-term mental health consumers. Her presence on the crisis line will be missed by many, both in the unit and in the community. Ms. Ryan will have retired from Rock County Department of Human Services on January 27, 2013; and,

WHEREAS, Connie Ryan has proven herself to be a compassionate and caring employee, advocating on behalf of Rock County residents; and,

WHEREAS, the Rock County Board of Supervisors, representing the citizens of Rock County, wishes to recognize Connie Ryan for her achievements and significant contributions to the citizens of Rock County and her lifelong and faithful service.

NOW, THEREFORE, BE IT RESOLVED that the Rock County Board of Supervisors, duly assembled this ____ day of _____, 2013, does hereby recognize Connie Ryan for her 23 years of service and extend best wishes to her in her future endeavors; and,

BE IT FURTHER RESOLVED that the County Clerk be authorized and directed to furnish a copy of this resolution to Connie Ryan.
