Executive Summary

The Sheriff's Office has been awarded a \$30,680 grant from the High Intensity Drug Trafficking Area (HIDTA) Program, a program administered by the Office of National Drug Control Policy (ONDCP). The purpose of the Program is to reduce drug trafficking and drug production in the United States. This is a supplemental grant. The initial grant was received in January 2013.

The HIDTA Program provides funding resources to joint initiatives of federal, state, local, and tribal agencies in each area designated as a HIDTA to carry out activities that address the specific drug threats of those areas.

The grant funds will be used for overtime, smart phone subscriptions, investigative expenses, training expenses, leased vehicles, and equipment. The equipment purchased will be used for observation, surveillance, and undercover operations. Specific equipment to be purchased has not been determined at this time

Executive Summary

Increasingly, Rock County Specialized Transit is receiving requests for transportation for passengers who use wheelchairs that cannot be accommodated by the ADA-required 33 inch ramps. These trips, which are mainly for medical purposes, have to be denied. There is no other transportation provider operating in the county that can accommodate extra-wide wheelchairs. Including a vehicle with an extra-wide lift capacity would allow Specialized Transit to provide essential medical transportation that is currently unavailable.

A&J Mobility is selling a used (demonstrator) wheelchair-converted 2012 Toyota Sienna with a 48-inch rear entry ramp with 17,000 miles for \$38,500. This particular vehicle is only made by Freeman Motors Incorporated and sold only in Wisconsin by A&J Mobility. The vehicle can accommodate one extra-wide wheelchair and up to three ambulatory seats.

It is estimated that the Vehicle Replacement Trust Fund will have a balance of \$108,670 at year's end; \$28,670 over the state's limit of \$80,000. Therefore, there are sufficient funds to purchase this vehicle in the trust fund.

No county levy is required.

Stephen,

Freedom Motors Incorporated (FMI) is the sole manufacturer of the "super-wide" rear entry wheelchair converted Toyota Sienna. A&J Mobility is the sole dealer of FMI "super-wide" conversion in the state of Wisconsin.

EXECUTIVE SUMMARY

SCANNING, IMPORTING, & INDEXING 1834-1935 REAL ESTATE RECORDS

The filing or recording of various legal documents with the register of deeds is a way of putting the world on notice that something important has happened or will happen. The time of the transaction is often an important element in rights and relationships. The register of deeds records the time when, in effect, the public record is established. Providing constructive notice regarding real estate allows the act of searching the records and the determination of clear title. This is necessary for the issuance of most home mortgages, business loans, and the sale of real estate. We are responsible for the safe keeping of these records.

Legislation was signed into law in 2010 that changed the recording fee structure for real estate documents filed with the County Register of Deeds and for the redaction of Social Security numbers from electronic documents that are viewable or accessible on the Internet. In order to assist register of deeds with costs associated with the redaction process, the legislation imposed a \$5 recording fee per document to cover these costs. We're able to collect this additional fee until January 1, 2015. Social Security was implemented in 1935 and now the state allows us to use these redaction fees to scan and index documents from 1935 forward. This project is currently under way with an anticipated cost of \$600,000.

Many of the pre-1935 real estate records are slowly deteriorating. By state statute we must keep copies of these records forever. There are no other available copies of these documents. In order to preserve these records, 302 books with approximately 190,000 images will need to be scanned, indexed, and imported into our land records system.

A RFP (Request for Proposal) for this project was sent out with 4 companies responding. The proposal asked to confirm previous similar governmental project work with Rock County's current operating software vendor Fidlar Technologies. The two lowest bids (Converga & TAB Products) had no experience working with Fidlar Technologies and gave no references working with any Wisconsin County on this type of project. The quality of the required sample images that they provided and their approach to the project ranked them as the two lowest on the evaluation form. The highest bid (Source Code) did not have experience working with Fidlar Technologies but had worked with 20 Wisconsin counties on similar projects. The quality of their sample images and approach to the project ranked them 2nd on the evaluation form.

Fidlar Technologies, Inc., who currently is our land records vendor, was one of the responding companies. They had the 3rd highest bid but their experience, qualifications, techniques, approach to the project, and the quality of required sample images of the records placed them 1st on the evaluation form.

Fidlar Technologies currently provides software products, service, and support to over 215 County Register of Deeds offices in 14 states – 25 of which are in Wisconsin. Fidlar is currently under contract with Rock County performing identical project management and scanning services for the Rock County Register of Deeds office. If approved, they would provide a seamless conversion service for this RFP.

Recently passed legislation now allows the \$5 redaction fee that is not spent for the redaction project to be retained by the county. The anticipated total revenue for the redaction project is \$650,000. This would leave an additional \$50,000 to be used at the discretion of the county.

The total amount of this project is \$85,000. \$75,000 from the Land Records account 10-1720-0000-62119 (Other Contracted Services) was budgeted for this project. In order to complete the project, an additional \$10,000 will be needed. The additional money may be used from the Register of Deeds Redaction Project account 17-1715-0000-62119.

Executive Summary

**AUTHORIZING ACCEPTANCE OF
JUSTICE AND MENTAL HEALTH COLLABORATION GRANT PROGRAM
FUNDS AND AMENDING THE 2013 BUDGET**

The U.S. Department of Justice, through the Office of Justice Programs, Bureau of Justice Assistance, has authorized funding for grants through the Mentally Ill Offender Treatment and Crime Reduction Act of 2004 and the Mentally Ill Offender Treatment and Crime Reduction Reauthorization and Improvement Act of 2008. The goal of the grant is to increase public safety through innovative cross-system collaboration for individuals with mental illness or co-occurring mental health and substance use disorders (MI/COD) who come into contact with the criminal justice system.

On September 5, 2013, Rock County was awarded a \$250,000 planning and implementation grant to provide dedicated reentry services to jail inmates with mental illness or mental illness and co-occurring substance abuse disorders (MI/COD). The twenty percent match (of \$63,304) for which the County is responsible will come in the form of an in-kind personnel and indirect cost match, as opposed to any monetary expenditure by the county.

The co-lead agencies, Rock County Human Services Department (HSD) and Sheriff's Office, will guide the project, along with the oversight of the Behavioral Health Redesign Steering Committee. The reentry initiative follows Rock County's work from a 2010 Justice and Mental Health Collaboration Planning Grant during which a comprehensive Needs and Resource Assessment was conducted. The jail reentry process has been identified as critical because MI/COD individuals repeatedly cycle through the justice system due to a lack of resources and coordination, thus, their underlying needs are not met.

The target population consists of offenders in the jail charged with a non-violent offense and a diagnosis or suspected diagnosis of an Axis I mental health disorder or relevant Axis II disorder appropriate for MI treatment and rehabilitation services. It is expected 75% of these individuals will have a COD. In 2012, 151 inmates were identified as having a previously diagnosed Axis I disorder, or Axis I disorder with a COD. At any given time, a reentry social worker will serve 20 individuals both in the jail and for a period of 30-90 days post-release, until permanent services are established in the community. It is estimated 120 individuals will be served during the grant's implementation phase. A reentry social worker will provide wraparound case management to MI/COD inmates to facilitate their transition back into the community by using evidence based practices and principles, connecting them with community-based services and support, including applying for benefits, integrated MI and AODA treatment services, medications, housing, education, transportation, and other needs as necessary.

AUTHORIZING CONTRACT FOR ADMINISTRATION OF SELF-INSURANCE PROGRAM

1 WHEREAS, Rock County has been involved in a self-insurance program since April 20, 1979; and
 2
 3 WHEREAS, the County remains self-insured and continues to operate a limited self-insurance
 4 program for workers' compensation exposures; and
 5
 6 WHEREAS, it is necessary to retain the services of an administration firm to provide claim
 7 management and administration on loss control activities; and
 8
 9 WHEREAS, currently Willis HRH Wisconsin has performed these services for Rock County; and
 10
 11 WHEREAS, Rock County has been very satisfied with the services provided by Willis, HRH; and
 12
 13 WHEREAS, the Finance Committee recommended that the County continue to stay with Willis
 14 HRH Wisconsin as our third party administrator for workers' compensation.

15
 16 NOW, THEREFORE, BE IT RESOLVED by the Rock County Board of Supervisors in session this
 17 _____th day of _____, 2013, that the County Board Chair and County Clerk are authorized and
 18 hereby directed to execute necessary documents with Willis HRH Wisconsin for the provision of
 19 worker's compensation self-insurance administration services to Rock County for the period January 1,
 20 2014 through December 31, 2016 at the following rates per claim:

Claim Type	Per Claim Proposed Fees		
	2014	2015	2016
24 Indemnity (Lost Time)	\$1,250	\$1,250	\$1,275

26 Medical Only Paid Under \$1,500	160	160	160

27
 28 BE IT FURTHER RESOLVED THAT it is understood that there will be an additional cost of \$625
 29 per claim if this matter goes to litigation. In addition, for claims expected over \$150,000 and for other
 30 specific injuries an additional fee of \$2,550 per claim may be charged. If the claim would ultimately
 31 close for less than \$150,000, Willis HRH Wisconsin would adjust the fee to the appropriate rate. Other
 32 ancillary services may be provided by Willis HRH Wisconsin provided all services are approved by the
 33 County prior to the acquisition of those services.

EXECUTIVE SUMMARY

Rock County has been self-insured for workers' compensation since April of 1979. Our current workers' compensation provider is Willis HRH Wisconsin based out of Appleton, Wisconsin. The County began working with Willis on September 1, 2009, following the numerous problems encountered by our previous provider, Xchanging. It was the recommendation of both staff and the Finance Committee that the County continue to use Willis HRH Wisconsin. Willis has provided outstanding services to the County in the four years since they have been hired. In addition, Willis currently provides third-party administrative services to 16 of the 32 self-funded Wisconsin counties. The Finance Committee is recommending that we continue on a per claim basis for a three-year contract. Willis has provided some risk management services which has reduced the amount of workers' compensation claims. The cost of the three-year proposal between January 1, 2014 through December 31, 2016 is provided in the resolution. This fee provides for the following: handling all claims occurring during the term of the contract until the claim is closed no matter how long it takes to close. Additional charges of \$625 per claim could be incurred if the matter goes to litigation. In addition, large claim and specific injuries could require an additional \$2,550 per claim. If the expected claim would ultimately close for less than the \$150,000, the fee would be adjusted to the appropriate rate. Ancillary services, including all loss control, legal, investigation, rehab and medical bill audit services would be paid separately by Rock County. All services requested would have to be approved by the County prior to the acquisition of those services.
