Slow-No-Wake – Update

According to the US Geological Survey Gauge in Afton, the water level for the Rock River is 8.46 feet. County Ordinance allows for an abeyance of a slow-no-wake speed restriction when water levels reach or fall below 8.5 feet on the portion of the Rock River downstream from the West Beloit Rock Town Line Road Bridge to the Stateline.

Therefore, the Sheriff's Office is removing the previously declared slow-no-wake speed restriction on this portion of the Rock River. With this abeyance, the Rock River downstream from the West Beloit Rock Town Line Road Bridge is now free from the slow-no-wake speed restriction. Deputies will begin removing posted signs.

TROY J. KNUDSON
